Master Gardener Volunteers
Level 1 Training
Vegetable Gardening Exercise I

1. Select (randomly) seed packets for at least 6 different vegetable crops.
2. Provide the following information for each using the seed packet information,MGV Program Manual, and class hand-outs, etc.

Crop	***Warm or Cool Season***	***Plant into Garden as Seed or Transplant***	***When to Start from Seed Indoors***	***When to Sow Seed Outdoors***	***When to Transplant Outdoors***

Master Gardener Volunteers
Level 1 Training
Vegetable Gardening Exercise II

All of the vegetables we eat are specific parts of the plants they are harvested from. Complete the table below providing as many as you can for each of the plant parts listed. Include the 6 seed packet crops you picked for Exercise 1.

Vegetable Plant Parts Eaten				
Fruit	**Stem**	**Root**	**Leaves**	**Flowers**
