 - State FFA Career Development Events – Veterinary Science

How and when to submit education requirements:

- To qualify to show at the Dane County Fair with 4-H, FFA or other Dane County youth organization, youth exhibitors must meet species education requirements and **submit proof by June 15, 2022 at 11:59pm by using the EDUCATION REQUIREMENT UPLOAD PORTAL****.
 - **Access to a Google Account is required to upload documents in the portal. This helps keep documents secure. Youth can utilize their school account or utilize a family account. If the youth does not have access to a Google Account, please email 4Hinfo@countyofdane.com for an alternative option.
- If showing in more than one species, youth must complete and submit the requirements for each species.
- If a youth documented more than one species on an education card, they will be asked to upload the same card for each species represented. To upload the education card, please save the document as a JPG, TIFF, or PDF. Youth can take a picture of the education card to upload.
- Contact the species Education Committee Chairperson listed to receive approval for educational opportunities not listed.

Education Requirement Upload Portal – coming in Feb 2022
