

Statewide Ag Agency Cover Crop Meetings

September 22 – Madison, WI September 27 – Marshfield, WI

These meetings will be for agency staff (UWEX, LWCD, NRCS, DNR, WTCs, etc.) from around the state to discuss the current and best recommendations for farmers that want to effectively integrate cover crops into their rotation.

The meetings will be geared toward the geographical region that they will be held in so staff should attend the meeting that is closest to where they work. This meeting will be free for agency staff, thanks to the SARE program.

Register by September 16th at: <http://tinyurl.com/jsffjte>
