To: Swine project participants for 2019 Fond du Lac County Fair

The parable swine pen assignments are attached. Please look them over and get back to me with any issues (Kevin Doll - [ebb1349@gmail.com](mailto:ebb1349@gmail.com) or 920-602-3629).

It is everybody's job to keep your area picked up and swept. Make sure fair goers have a path to walk completely around your pens. This year I am assigning 2 large groups for other cleaning. Next year I will choose 2 other groups.

- Armstrong 4-H is in charge of cleaning the scale weigh in area after weigh in and cleaning the path between the barn and the cow palace after the show and sale.
- South Byron is in charge of the wash rack. Check and wash down the rack a few times a day and roll up the hoses.

Thank you in advance,  
Kevin Doll  
Swine Superintendent
