

# **Kewaunee County 4-H Sheep Project 2021-2022**

## **1)Rate of Gain:**

The sheep rate of gain will stay at the .33lb per day gain.

## **2)Minimum Weight:**

The lamb minimum weight will be 115 lbs.

## **3)Lamb Exhibitor Requirements: (Show & Auction)**

Must have YQCA and 3 species specific meetings to auction. There are 2 mandatory meetings on the calendar you must choose 1 of the mandatory meetings to use as a species specific meeting.

## **4)Essay Questions:**

Beginner:

Describe what you enjoy most about raising and showing your lamb. What is the most difficult part and how have you overcome this challenge?

Intermediate:

Describe the scrapie disease and explain why your lamb is required to have a scrapie tag?

Senior:

Explain the economical and financial impact of being a sheep producer in the 21st century.
