

2024 GOAT PROJECT ESSAY QUESTIONS:

BEGINNER – Grades 3 – 5; Minimum of 100 words

- My goat is acting funny! What are the steps to check on its health?

INTERMEDIATE – Grades 6 – 9; Minimum of 150 words

- I think my goat may be sick! How do I tell? Explain how to be a health detective for your herd and the steps to take to restore health. You may want to explore some of the most common health problems with goats.

SENIOR – Grades 9 – 13; Minimum of 250 words

- See beginner and intermediate questions. Explain common steps to take to detect health problems and resources to solve them. Explain common diseases or consider the health problems in different systems of the body. Your essay may lay out your basic plan of detection (and your clues that something is wrong) and then explain a course of action —and the resources you might use— for treatment.

ALL:

Include your personal experience and what you have learned as a goat health detective.
