

THIS CAN BE COMPLETED AT WEIGH IN'S OR ANSWERS CAN BE
EMAILED TO keheim@gmail.com

NAME: _____

Beef weigh in's will count as a meeting if the Beef Project member attends weigh in's AND completes the following form. If you weighed in multiple animals, choose one to use for this.

Is your animal considered dairy, dairy/beef cross, or beef?

What did your animal weigh today?

The fair is 102 days away. The minimum weights are as follows: dairy 1250 lbs., dairy/beef cross 1200 lbs., beef 1150 lbs.

How many pounds does your animal need to gain to make the minimum weight?

If your animal only meets the minimum weight, will it meet the 1.5 pound per day minimum gain?

What is your animal currently eating- types of feed and amounts?

Based on your animal's weight today, do you feel it is on track to finish and meet auction requirements? If not, what changes could you make?
