Marquette County Master Gardener Volunteers

January 2019

Fellow Fruit Growers,

There is nothing more satisfying than picking sweet, fresh fruit from your very own tree. Therefore, again this year we are pleased to bring you our list of fruit trees, asparagus and berries that we will have available for your selection in 2019

Let's start with some of the most often asked question about our fruit trees.

- The trees are bare root (no soil on the roots when delivered).
- All apple trees are grafted on EMLA 7 or EMLA-111 rootstock (semi-dwarfing).
- Tree size is between 4'-6' tall, depending on the cultivar.
- The trunk diameter is 1/2" - 5/8" and most will be well branched, once again depending on the cultivar.

There will be Master Gardener Volunteers at the pick-up site who can assist you with answering any questions you might have regarding the handling, planting, and care of your new trees.

ORDER EARLY: Tree varieties are pre-ordered and available inventory is limited to what we have already ordered. Although we order over 1000 trees, quantities are limited. Orders will be filled in the order they are received.

Orders will **ONLY** be available for pick up on **Saturday, April 27th 2019 from 9:00 am – 1:00 pm.** The pick up location is the Marquette County Fairgrounds at 757 W. Main St. in Westfield. *You must make arrangements to have your order picked up during this time period.* Orders not picked up at the time and date of distribution will not be reserved or refunded

If you have further questions, contact:
Keith Vander Velde at 608-697-3422
OR Scott Steinberg at 541-81-5806.

*Thank You! Jessie Larson, and the
Marquette County Master Gardener
Volunteers & Friends*

Pick-Up date is Saturday, **April 27th, 2019** at the Marquette County Fairgrounds in Westfield

SPECIES	#	Unit Price	Total Price	Description
Asparagus		25 roots \$ 10.00	\$	Jersey Knight: Male Hybrid. Perfect for the home garden. Disease resistant. Superb spear quality and flavor.
Strawberries		25 roots \$ 7.00	\$	Honeoye: Excellent flavor, good freezing quality. Firm, glossy red uniform berries. June bearing early season. Cold hardy.
Crab Apple		\$ 16.00	\$	Indian Summer: Attractive blooms. Good for pollinating early bloom apples with pink flowers.
Cherry (sweet)				Sorry —No Sweet cherry available from nursery this season.
Cherry (tart)				Sorry — No Tart cherry cultivars available this season.
Plum				Sorry —No plums available this season

TREE SPECIES	#	Unit Price	Total Price	Description
Apples <i>Most apples require two varieties for proper pollination</i> <i>Apples are listed by their advertised date of ripening – Ripening date is approximate</i>		\$16.00	\$	Wolf River: (Ripens Sept 5) Large apple good of cooking and baking, Winter Hardy, outer skin is pale red blush with yellow background
		\$16.00	\$	Honeycrisp (Ripens Sept 10). This crisp, juicy, sweet apple has a rich flavor that has made it #1 in taste panels. Outstanding winter hardiness gives this variety excellent potential for northern growing areas.
		\$16.00	\$	Daybreak Fuji: (Ripens Sep. 15) Large fruit with pink-redish blush over 80% of surface, very productive
		\$16.00	\$	Liberty (Ripens Sept 15) Very flavorful, crispy crunchy flesh. Tree is vigorous and resistant to apple scab, cedar apple rust, fire blight and mildew. A good choice for the home gardener
		\$16.00	\$	Crimson Crisp: (Ripens Sept 15) Grower friendly tree. Firm, crisp fruit with complex flavor. Stores well.
		\$16.00	\$	Pink Lady: (Ripens Oct 20) Medium to large size and is crisp with a strong tart flavor, develops flavor after 4 week of storage in cool locations
		\$16.00	\$	Freedom: (Ripens Oct. 4) Multipurpose apple good for fresh eating, sauce and juice, vigorous and somewhat scab resistant
		\$16.00	\$	Granny Smith: (Ripens Oct. 15) Green and tart, large size and has excellent storage ability
		\$16.00	\$	Enterprise: (Ripens Oct. 20) Vigorous tree resistant to fire blight and cedar rust. Glossy red apple. Best used for cooking ..Great for Star Trek (the tv/movie series) fans.
Peach		\$16.00		Contender: Large fruit in freestone variety, very hardy trees and productive
Peach		\$16.00	\$	Victoria: Large bright fruit with 40% red blush over yellow background, flesh is firm and has excellent storage ability
Pear Tree		\$16.00		Bartlet: Large excellent quality fruit. Great choice for canning. Partially self pollinating.
Pear Tree		\$16.00	\$	AC Harrow Sweet: Late season ripening 3 weeks after Bartlet, good resistance to fire blight,
Total Amount Due			\$
