

Note: The Table of Contents below is just an example from one manual (in this case, the Field & Vegetable Crops manual). While the “core” material will be similar among all the manuals, the information on pests, application equipment, calibration and even some of the regulations will be more specific for each manual.

TABLE OF CONTENTS

SECTION	CHAPTER	Page
	How to Study for the Exam.....	vii
	30-Day Sample Study Calendar.....	ix
SECTION I PESTS	CHAPTER 1	
	Insects and Their Relatives	1
	Damage Caused by Insects.....	1
	Biology of Insects and Their Relatives.....	2
	How Insect Problems Develop.....	5
	Examples of Arthropod Pests.....	6
	Chemical Control of Insects.....	10
	CHAPTER 2	
	Weeds	13
	What is a Weed?.....	13
The Biology of Weeds.....	14	
How Herbicides Work.....	17	
	CHAPTER 3	
	Plant Diseases	21
	What is Plant Disease.....	21
	Major Groups of Plant Pathogens.....	22
	Development and Diagnosis of Plant Diseases.....	25
	Chemical Control of Plant Diseases.....	26
SECTION II ABOUT PESTICIDES	CHAPTER 4	
	Pesticides	29
	What is a Pesticide?.....	29
	The Chemistry of Pesticides.....	29
	General Pesticide Characteristics.....	30
	The Naming of Pesticides.....	31
	Insecticides.....	32
	Herbicides.....	33
	Fungicides.....	33
	Nematicides.....	34
	CHAPTER 5	
	Formulations	36
	Formulations.....	36
Choosing a Formulation.....	37	
Formulations Applied as Liquids.....	37	
Formulations Applied as Solids.....	39	
Adjuvants.....	40	

SECTION III**PESTICIDES & THE
LAW****CHAPTER 6**

Pesticide Regulations	42
Reason for Pesticide Regulation	42
FIFRA	43
Wisconsin State Law ATCP 29	44
ATCP 30 — Pesticide Product Restrictions	47
Transporting Pesticides	48

CHAPTER 7

The Worker Protection Standard	51
Who is Effected by WPS	53
Goal 1: Inform	54
Goal 2: Protect	54
Goal 3: Mitigate	55

CHAPTER 8

The Pesticide Label	58
The Pesticide Label	58
Labels and Labeling	59
When to Read the Label	59
Information on the Label	60
Deviations from Label Directions	63
What to do When Labels Change	63
Safety Data Sheets	64

SECTION IV**HEALTH
PRECAUTIONS****CHAPTER 9**

Pesticide Risks to People	66
Risk, Toxicity and Exposure	66
Potential Harmful Effects of Pesticides	67
How Pesticides Enter the Body	67
Acute Effects	69
Delayed Effects	71
Allergic Effects	72

CHAPTER 10

Protecting Yourself	74
General Precautions	74
Selecting and Using PPE	75
Respirators	76
Care of PPE	78

CHAPTER 11

Responding to Pesticide Exposure and Heat Stress	81
Know When to Act	81
Getting Medical Attention	82
First Aid for Pesticide Poisoning	83
Heat Stress	84

SECTION V**HANDLING
PESTICIDES****CHAPTER 12**

Storing Pesticides	87
The Storage Area.....	87
Putting Pesticides into Storage.....	88
Pesticide Bulk Storage Rule.....	90

CHAPTER 13

Mixing and Loading	92
Mixing and Loading Sites.....	92
Mixing and Loading Pesticides.....	94
Pesticide Mixtures.....	96

CHAPTER 14

Managing Pesticide Wastes	98
Waste Defined and Waste Reduction Guidelines.....	98
Types of Waste.....	100
Solid Waste Disposal.....	101
Hazardous Waste Disposal.....	102

SECTION VI**PESTICIDE
EMERGENCIES****CHAPTER 15**

Emergency Planning, Spills and Fires	105
Emergency Planning.....	105
Spills and Fires.....	107
Reporting a Spill.....	107
Responding to Spills.....	109

SECTION VII**APPLYING
PESTICIDES****CHAPTER 16**

Safety Concerns	113
Tolerance and Residue.....	113
Preventing Excessive Residue.....	114
Application Precautions.....	114
Notice of Application.....	115

CHAPTER 17

Application Methods and Equipment	121
Integrated Pest Management.....	121
Pesticide Application Equipment.....	123
Operation and Maintenance of Sprayers.....	125

CHAPTER 18

Calibration	128
The Need for Calibration.....	128
Before you Spray.....	129
Calibrating Conventional Field Sprayers.....	131

SECTION VIII

ON TARGET

CHAPTER 19

Pesticides in the Environment	141
Where do Pesticides Go?.....	141
Pesticide Accumulation in Animals.....	142
Water Contamination.....	142
Factors Effecting Water Contamination.....	144

CHAPTER 20

Overspray and Drift	147
Legal Concerns.....	147
Dicamba and Drift.....	148
How to Reduce Drift.....	149
Weather-Related Drift Factors.....	149
Application-Related Drift Factors.....	150

CHAPTER 21

Protecting Nontarget Organisms	154
Plants.....	154
Insects.....	154
Livestock and Other Animals.....	155

CHAPTER 22

Pesticide Resistance	158
The Development of Resistance.....	158
Resistance Management.....	160

APPENDICES

APPENDIX A: Information Sources and Contacts	164
APPENDIX B: Pesticide Laws and Regulations	169
APPENDIX C: Sample Label	171
APPENDIX D: How to Understand Safety Data Sheets	185
APPENDIX E: Tips on Taking the Certification Exam	191
APPENDIX F: Pesticide Recordkeeping Form	195
APPENDIX G: Principles of Pest Management	197
APPENDIX H: Insect Pest Management	199
APPENDIX I: Weed Management	203
APPENDIX J: Disease Management	208
APPENDIX K: Calibrating Granular Applicators	212
Glossary	215
Acronym Glossary	223
Index	225
