Registration Deadline: September 20th
To register call 715-537-6254 -or- register online @ https://bit.ly/2Mli7kJ

Are you:

- **a parent of a child ages 4-7**
- **an educator or child care provider for young children**

Then the **Raising a Thinking Child** workshop may be just right for you!

This evidence-based workshop series will help you guide children to solve common, everyday problems with decision making and communication skills using their thinking brain. **It is a refreshingly practical curriculum that helps you help your child learn HOW to think, not what to think, as they learn to resolve their own problems.**

Participants will learn:

- To give children skills to effectively solve their own problems
- Fun games to help children learn these problem solving skills and consider consequences
- How to help kids care about and understand their feelings and those of others

This program is co-facilitated by **Missy Bablick** (Barron County), **Beth Rank** (Burnett County), **Danette Hopke** (Washburn County) Human Development & Relationship Educators with UW Madison Division of Extension.

12 hours of Continuing Education credit is available for child care providers and foster parents

Division of Extension
University of Wisconsin-Madison

An EEO Affirmative Action employer, the University of Wisconsin - Extension provides equal opportunities in employment and programming, including Title IX and ADA requirements.
If you require accommodations to participate in this programming, please call Danette at 715-635-4446 as soon as possible
