

## **Approved Youth Gardens (9)**

Gardens primarily for a youth audience that are registered and approved by the local UWEX MGV program. These are gardens which SEWMGs have the lead role in planning, planting and care. All other sites where SEWMGs assist either with youth programs or maintenance do not need to be “approved” and should be reported as *Youth Activities/Events/Projects* on the SEWMG timesheet except as noted.

(revised January 18, 2018)

### ***In Milwaukee County (8)***
