

SMALL ENGINES PROJECT RECORD

Check all that apply to your project this year.

- Read the owner's manual of the machine I worked with.
- Used an approved gas can.
- Stopped the engine when making adjustments or unclogging.
- Checked the oil level.
- Changed the oil in an engine.
- Serviced the air cleaner.
- Checked and/or replaced spark plugs.
- Cleaned crankcase breather.
- Cleaned engine head air passages.
- Prepared engine for storage.
- Tuned up an engine.
- Used hearing protection when operating engines.
- Can explain the difference between a 2-cycle and 4-cycle engine.
- Mixed fuel for a 2-cycle engine.
- Trouble -shooting an engine problem.
- Can identify the parts of a 4-cycle engine.
- Can identify the parts of a 2-cycle engine.
- Replaced a belt.

I have worked with these small engines this year!
