New for 2020: Ag Society policy states that all individuals need to identify their specific animals tied to each exhibitor by August 1. So by using the yellow copy of this contract, please number the exhibitors at the top (or to the right here) and use those numbers in front of each eartag below. **Submit to Extension office by August 1. (Or mail and postmark no later than Aug. 1)**

If you are a single member (non-family contract) we still want you to submit so that we know if some animals will no longer be worked with. Simply put your number in front of each animal if they are all still eligible.

Keep in mind that you can bring only TWO market animals, regardless of species to the fair.

This contract must be submitted in accordance to guidelines set forth by the 4-H Livestock Key Committee. Do NOT write in the shaded columns – For official use ONLY.
