Name _____ Grade _____ Year in Project _____

This record is for my _____ Project Club Year: _____ - _____

Use one of these forms for each project in which you enroll. With the help of your project leader, list the major things you want “to do and learn.” If you are re-enrolling, you should consider last year’s evaluation in planning your new project program. What would I like to learn and do in my project this year? *Are there specific skills you intend to learn or improve upon this year?*

What did I learn and do this year? *If you did not do and learn all of the things you listed above, give the reason. If you have done and learned additional things, list these also.*

What made me excited in the project? *What do I want to dig deeper into next year? This could serve as a jump start to next year’s goals.*

Financial *What did you learn about the financial aspects of your project (such as income, expenses, and financial agreements). Did someone support your project work with money, time or expertise?*
