

## Farewell to our Summer Friends!

In August, Upham Woods started with a visit from the WI DNR Natural Areas crew and others to manage Japanese Barberry on Blackhawk Island ([check out our conservation video here](#)). Walworth County 4-H Teen's came back for a day trip and were able to experience even more Upham programs than they did during their June camp. Next up was the WI Lutheran College's visit for a teambuilding experience and then the last of our 4-H camps for the summer. Our summer was closed with 11 days of 4-H camps from Green County, Area 13 (Crawford, La Crosse, Monroe, Richland, and Vernon counties), and Rock County with a day visit from the Necedah High School Freshman class working on communication and team building through our low-ropes course .

Upham Woods staff would like to give a huge shout-out to all our summer naturalists who worked so hard. You may have caught some details about them on our facebook page throughout the last few weeks.

[Ryan](#), [Brandon](#), [Zoe](#) and [Jaycie](#): Thank you for your hard work this summer, and best of luck in the future whether you are starting new jobs or finishing out your degree.

[Abbey](#), [Kara](#), and [Mark](#): Your energy this summer was amazing and we are so excited that you will stay with us through the fall!
