HORSE BOWL CONTEST

The primary objective of the 4-H Horse Bowl is to provide an opportunity for youth enrolled in 4-H horse projects to demonstrate their knowledge of equine-related subject matter in a competitive setting where attitudes of friendliness and fairness prevail. It is also hoped that these contests will provide an educational experience for both participants and spectators.

GRADE DIVISIONS:

Beginner 3-5

Junior 6-8

Senior 9-13

Note: If a county does not have sufficient project members for a beginner, junior, or senior team, combined grades will be permissible. The team of combined grade members will have to compete in the older grade division. (Combined Senior Teams will not be eligible for Regional or National competitions.)

WISCONSIN CONTEST RULES:

1. There will be four types of questions used.
 - **One-on-one questions** will be used in both senior and junior divisions. One-on-one questions are addressed to each individual chair position (i.e. chair 1, chair 2, chair 3, and chair 4) giving those members of a team a chance to buzz in to answer a question. There will be an equal number of questions for each team member. One-on-one questions score 2 points for a correct answer for the team and individual. An incorrect answer to one-on-one questions will deduct 1 point for the team and individual.
 - **Regular open questions**, each one worth one point, to which members of either team may respond regardless of chair. These questions will count toward individual and team scores.
 - **Toss-up questions**, also open for response by members of either team. The only difference between regular and toss-up will be that the toss-up questions will have a bonus question attached to each and, in general, will be somewhat more difficult than the regular questions. If nobody buzzes in to answer a toss up question or if it is answered incorrectly, the next question on the list becomes a toss up question.
 - **A bonus question** is awarded after a Toss-up question has been answered correctly. It will be worth a pre-determined 2 points, and all parts of the bonus question must be answered before any points will be awarded. No part of the bonus question will be repeated nor will any additional information be given to the contestants relative to the question. No points are deducted for incorrect or incomplete Bonus question answer. The team awarded the bonus question will be allowed to discuss together how to answer this question.

Beginners will NOT have one-on-one questions; they will have open, toss up and bonus questions. One-on-one, Regular Open, and Toss up questions are not open for discussion among the seated team.

2. Only 4 contestants shall be seated on the panel at any one time. Alternates may be seated at the request of the team captain and must then remain for completion of the current game. *Only a team of 4 contestants is considered a full team.* Teams may compete with less than 4 but 4 is considered a full team for the purposes of full team participation.

3. Either the team captain or the team coach may call for a “time out” for clarification of a rule, to permit replacement of a team member, or to allow for unexpected problems. These “time-outs” may be called only after a question has been answered and before the start of the next question.
4. If a buzzer is activated during the reading of a question the moderator immediately stops reading and the contestant has 5 seconds after being acknowledged to begin the answer. The judge may NOT ask the contestant to be more specific, expand, or in any way explain their answer if the question was interrupted.
5. An incorrect response or failure to begin answering a question within 5 seconds of being acknowledged will cause a deduction of 1 point from individual and team score.
6. If the answer to any question, whether read to completion or not, is incorrect (or not completed correctly within 30 seconds) the question is not repeated for the opposing team as they do not have the opportunity to answer. *A deduction of 1 point is given for any contestant answering a question before acknowledgement by the moderator.*
7. If the time in which to answer a question elapses (5 seconds) without a contestant activating a buzzer there will no loss of points.
8. The team that correctly answers a Toss-up question is eligible to answer a Bonus question. The team will have 10 seconds to discuss the question and 30 seconds for the captain to complete the answer. All parts of the Bonus question must be answered correctly to receive the 2 points. No points are deducted for an incorrect or incomplete answer. If the Toss-up question is unanswered the next open question becomes a toss-up question. The person sitting in chair 1 is the captain. Other team members can feed answers to the captain during the 30 second period.
9. When a correct answer is given for any question except a bonus question, the contestant in that chair is to flip the number card in that seat up to signify a correct answer has been given. Once each member of that team has successfully answered a question correctly, a bonus of two points is given for *Full team participation*.
 - A full team is a seated team of four contestants and this bonus can be earned regardless of the number of contestants in the opposing team.
 - Teams of less than four are not able to receive full team participation bonus points regardless of opposing team size.
 - After earning the team bonus once in a match, a team is eligible to earn an additional 2 points by repeating the process.
10. A protest of a question or answer *may only be made by the team captain or the coach*. The protest may only be lodged after the particular question is read or answered and before the following question is read. The decision of the judge will be final. Once the judge declares the decision final, the question can no longer be contested.
11. All score cards will be checked before the scores are erased from the board. Once both teams have agreed that the score is correct, the judge will sign off on the score. Once the score card leaves the room, all scores are final. Scores cannot be contested once the score card leaves the room.
12. Scores will be kept for each individual contestant during regular rounds of play. An individual high point award will be given in the Senior and Junior divisions.
13. Any ties involved in placings will be broken with three additional questions. If the tie is not broken after 3 additional questions, the contest will go to sudden death. During sudden death, a correct answer will win the contest for the team and an incorrect answer will lose the contest for the team.

14. A grand, reserve and 8 top ten ribbons in each division will be awarded. Disqualified entries are NOT eligible for awards but will be critiqued by judge with reason for disqualification listed on judges form.
15. In order for a youth to be eligible for Regionals or Nationals, they MUST have competed at that specific contest in the current year and be reenrolled in Wisconsin 4-H the following year.
16. The Grand and Reserve Senior teams may be eligible to represent Wisconsin at Regional or National contests. (One additional team may be eligible to participate at the Regional Contest.) Some funding from the Wisconsin 4-H Horse Association may be provided for each contest per year. After competing in this contest at QH Congress or Eastern Nationals 4-H Horse Round Up, they are ineligible to compete in the same contest at the same location in future years.

WISCONSIN CONTEST RULES:

NOTE: The judging contest is a learning experience which takes a minimum of two hours without giving reasons, and up to five hours with reasons.

(Hippology contestants who may qualify to represent Wisconsin at National or Regional Contests must enter the judging contest, but are not required to give oral reasons.)

1. A team can consist of up to 26 individuals from one county. The top 4 individuals will determine the team. The three highest scores for each team are added together to determine total team score. (Youth entering the contest as a team member are automatically entered as individuals as well.) There may be more than one winning team per county.
2. Contest is also open to individual entries.
3. There is no limit to the number of teams a county may enter.
4. Exhibitors may not wear hats while participating in the judging of horse classes (to prevent hats from blocking view of other exhibitors). An appropriate hat may be worn when giving reasons.
5. You should not be able to be identified as a member of a judging team by county name (or state name in advanced contest) on your clothing while giving oral reasons.
6. Halter and performance or equitation classes will be judged by each member.
7. Any recognized breed may be represented in the conformation classes. Exhibitors will evaluate conformation classes based on profile, front and rear views and tracking. All conformation animals will be judged as sound of limb, eye, wind and mouth.
8. The performance or equitation classes may be chosen from the following: Western pleasure, English pleasure, Hunter under saddle, Hunter hack, Western riding, Reining, Plantation English Walking Horse, Pleasure driving, and Stock seat, Hunt seat and Saddle seat equitation. Exhibitors will evaluate performance classes based on quality while performing required gaits and/or pattern. Performance classes will be judged as seen (unsoundness to be penalized accordingly). All tack and attire is considered legal.

9. Each class will include up to 4 horses. Each class will be approximately 15-20 minutes in length. Youth need to make observations, take notes (for reasons), and fill in their placing on score sheet.
10. Exhibitors may carry notes and reference materials while judging and preparing oral reasons. Contestants may only use materials that they carried into the ring. Materials should NOT be carried into the oral reasons room. If notes are used while presenting oral reasons your score will be reduced by 10 points.
11. If an exhibitor talks to others during the judging contest **their cards will be pulled immediately.**
12. Two minutes will be allowed to give oral reasons to the judge.
13. Senior Reasons: Seniors are required to give two sets of oral reasons: on the selected conformation class and selected performance class. Junior Reasons: Juniors pick whether they give reasons on the Halter or Performance class. Juniors are only required to give one set of reasons. If they want to give two sets, they will be credited with the highest score.
14. Awards: Senior teams are scored with and without reasons. Junior teams are scored with and without reasons. Individual exhibitors may place in only ONE division, either reasons OR non-reason category. Individuals who are entered on a judging team may also receive a team placing.
 - * You must give reasons to qualify for Regionals and Nationals as part of a judging team.
 - * Senior Hippology contestants can compete in reasons or non-reasons division. Reasons scores will be subtracted to recalculate judging phase scores for Hippology Team awards.
15. Breaking ties: Team or Individual
 - a. Highest total perfect scores.
 - b. Highest total halter.
 - c. Highest total performance.
16. A grand, reserve and 8 top ten ribbons in each division will be awarded. Disqualified entries are NOT eligible for awards but will be critiqued by judge with reason for disqualification listed on judges form.
17. In order for a youth to be eligible for Regionals or Nationals, they MUST have competed at that specific contest in the current year and be reenrolled in Wisconsin 4-H the following year.
18. Grand and Reserve Champion Teams will have the option of participating at either the Regional or National contest. (An additional team may be eligible to participate if the Grand or Reserve team cannot participate.) Some funding from the Wisconsin 4-H Horse Association may be provided for only each contest per year. After competing in the contest at QH Congress or Eastern Nationals 4-H Horse Round Up, they are ineligible to compete in the same contest at the same location in future years.
