

SUPPORTING YOUR WORK

New and experienced Plan Commissioners, Zoning Administrators, Town Board Chairs and other local officials working on land use planning and implementation in Winnebago County are welcome!

As appointed local officials, you volunteer your time and energy making your community a great place to live. The Plan Commissioner Network can help you do your best!

Winnebago Plan Commissioner Network

**Supporting Plan Commissioners --
Enhancing Local Planning**

The Winnebago Plan Commissioner Network is a peer learning group for you!

Touring a new Town park

A peer learning group is a group of individuals with similar responsibilities who have a desire to learn from each other.

The Plan Commissioner Network meets quarterly. Meetings include a focused discussion on a single topic — one that is chosen by the group—and can include current issues and hot topics that you are facing in your community. The Network is a place for you to meet and network with fellow Plan Commissioners.

PROVIDING VALUE TO YOUR WORK

In its 9th year, the Network has documented value to participants. In a recent survey of Plan Commissioners in Winnebago County, we learned that almost all Network participants share the information learned with their peers, and over 75% use the information learned to share with the public and inform their land use decisions.

What participants say....

"The Network helped me understand what it [county zoning] all meant."

"The Network helped me understand what was going on at the time so I could better serve the town... We were getting conflicting information."
