It is not necessary that we know in advance exactly who will be participating, but having some names will assist us in making up contest summary sheets in advance.

Additions or deletions can be made on the day of the event. Because of space limitations in the Meat Science Lab, we are initially asking counties to limit their entries to 9 total participants (seniors and/or juniors). If you wish to bring more, contact Bernie O'Rourke after April 19.

Additional participation will be permitted if space allows (to date no one has ever been turned away).

Note: If you have more than 9 youth in a division, please put your more experienced youth on the first team and put the others on the second team. This can be finalized at check in.

Return by April 19 to (include payment with registration):
